Dear Kansas City Neighbor,

This is a friendly update about the NW Prairie View Road project south of NW 64th Street. Due to health and safety concerns and social distancing recommendations from experts surrounding the Coronavirus outbreak, **there will be no public meeting for the NW Prairie View Road project at this time.**

However, we still want to share important project updates. Read on for more information about the project, timeline, and contact information. You can also access project updates online at <https://www.kcmo.gov/Home/Components/FacilityDirectory/FacilityDirectory/45/360> or read the project fact sheet on the back of this letter.

The KCMO Public Works Capital Projects Division will be realigning NW Prairie View Road on the south side of NW 64th St. from Interstate 29 with existing N. Chatham Ave. and NW 62nd Terrace. The goals of this project are to reduce congestion, improve traffic flow, improve safety and make a new and improved roadway connection. This project includes new curb, gutter and sidewalks, storm sewer and water main work, and new street lighting. Additionally, the project will widen and realign I-29 ramps, realign the trail along Route 45/NW 64th St. and improve traffic signals.

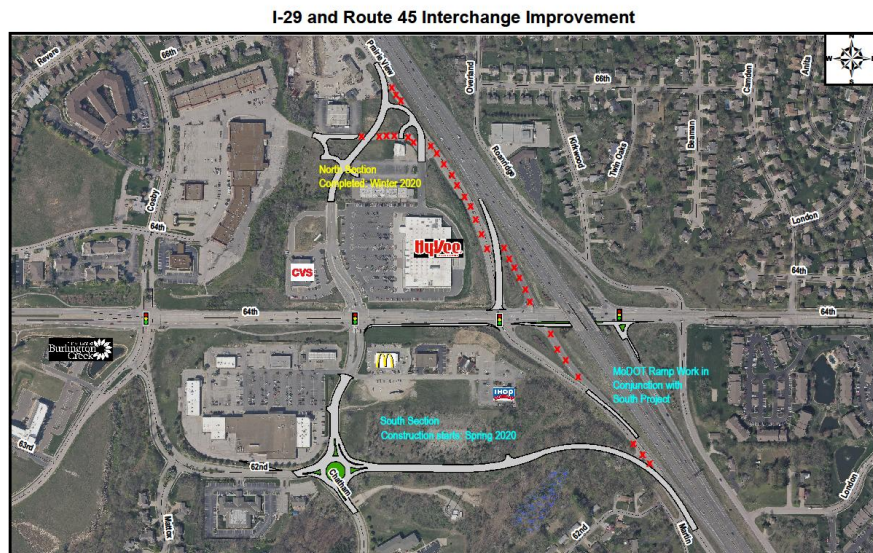

Construction is anticipated to start in April 2020 and wrap up in late spring 2021, weather permitting. This project was made possible by voter-approved GO Bond funding and leverages federal funding from the Missouri Department of Transportation.

Please feel free to contact me at 816-513-2612 or by e-mail at maggie.green@kcmo.org if you have any questions. The project manager, Kim Pemberton, can be reached at kim.pemberton@kcmo.org. We appreciate your cooperation during this process and look forward to working on NW Prairie View Road!

Sincerely,

Maggie Green
